The language School

Nerja is located about 50 kms (30 miles) east of Málaga in the south of Spain on the Costa del Sol. Its name comes from the Arabic "Naricha" meaning abundant spring and it enjoys a privileged climate and fantastic landscape alternating between spectacular cliffs and golden beaches making it a great place to study Spanish abroad where it alternates between spectacular cliffs and golden beaches. The language school is located in the center of the village, in a traditional Andalusian house, with a large tropical garden. It is just a few minutes walk from the beautiful nearby beaches and in the surrounding area you can also find all types of shops and restaurants. Our facilities consist of 12 indoor and outdoor classrooms (the garden is a wonderful place to have a class) which are all fully equipped as well as a bookshop and a cafeteria.

Excursions

The monthly program of activities is varied and full. Students also have free time to enjoy the many attractions that Nerja and its surroundings have to offer. One excursion is included to nearby Andalusian sites such as Granada, Sevilla, Cordoba or others, according to availability, interest and time of year.

Teachers

Our teachers are graduates in the study of Spanish language and linguistics and are specialists in the different programmes we offer, making up a well co-ordinated and enthusiastic team, ready to make your learning experience as effective as possible.

Programs

The programs we offer aim to satisfy the needs of the students both in terms of general aspects of the language, as well as subjects such as administration, trade, business, tourism, Spanish civilisation and culture, literature, Spanish teaching methodology and official exams.

To enhance the teaching of the language, we combine our professional experience with the most up-to-date methods and techniques (tapes, videos, overhead projector materials, new technologies and the Internet).
